If you are like me and exhausted all the movie options, I highly recommend the Marvelous Mrs. Maisel on HBO TV!

Thanks. The jet lag reports are not promising. I just boarded my flight to San Francisco. On a good note, it's only 11 hours.

Dear Nancy and Anita,

I hope all is well. It was nice to spend time with both of you in Seoul. I am still recovering and am convinced the jet lag is only getting worse, not better.

Steve and I are sorry that you missed our presentation, so as promised, I am attaching our slides. I also have asked for an electronic copy of the slides presented by the Denmark Consumer Council on their ingredient disclosure application. Once I have it, I will forward it along.

All the best,
Komal
